

## IX SERIES

IWT®/USF® REPLACEMENTS

### SERIES OVERVIEW

IX Series cartridges provide ultra high purity water with the highest possible capacities. The white end caps and clear filter tube are constructed of durable polycarbonate. Color changing media gives a visual indication of exhaustion.

IX Series filters are compatible with ARIES FilterWorks, EDC®, IWT® and US Filter® single and dual brackets. Cartridge equivalents are available for the Research, Universal, Metex and Absorber filters. Premium resins and carbon ensure the highest quality water and the longest possible life.

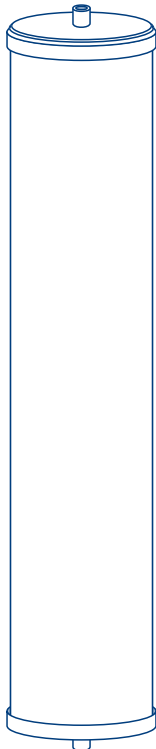

### FEATURES & BENEFITS

- Polycarbonate Construction
- Crystal Clear Tube
- IWT®, US FILTER® and EDC® Compatible
- Highest Purity
- Highest Capacity
- Color Changing Medias

- IWT®, US FILTER® AND EDC® COMPATIBLE
- ULTRA HIGH PURITY
- CRYSTAL CLEAR TUBE

### TECHNICAL DATA

|                       |                              |
|-----------------------|------------------------------|
| Connections:          | Short tapered nipples        |
| Mat'l of Construction | Polycarbonate                |
| Diameter:             | 3.35 "                       |
| Body Length:          | 18.00"                       |
| Overall Length:       | 19.50"                       |
| Volume:               | 127.17 cu. in. (.074 cu ft.) |
| Flow:                 | to 1 gpm                     |
| Max Pressure Drop:    | 5 psi                        |
| Weight:               | 5.0 pounds (Approx.)         |
