**GAGNE, INC.**  
Simply the Best

# About Gagne

Gagne, Inc. dates to the 1960s, founded in Binghamton, NY by engineer and entrepreneur, Tony Gagne.

The company is a women and family owned, diversified manufacturer based in Johnson City, NY and privately operated by the same family for 30+ years. We hold true to the original Gagne tenets of product design and we compete at the top of the niche markets in which we operate. We take great pride in designing and manufacturing quality products, incredible service, fair price and the best possible delivery!

This is illustrated by our universally-known Porta-Trace brand of LED light boxes and light tables for the Photography, Art, Visual Display, Industrial Inspection and other specialized industries. Our Illuminated Products family continues to expand organically into new LED applications such as our LED Lumen family of signage.

Gagne has experience in a broad array of industries with a base in engineering products that fit customer requirements.

We are proud to be called a USA manufacturer.

# Porta-Trace Products

The Gagne Porta-Trace family of products are made in the USA with clean aesthetics, bright, even lighting and rugged durability.

Porta-Trace products are popular in a variety of industries such as Art, Photography, Medical, Inspection, Tattoo, Forestry, Drafting, Engineering, Dental, Industrial, and Visual Display.

Porta-Trace Light Boxes have no “hot spots” and provide uniform and even lighting over the entire viewing surface. The standard line is made of stainless steel for both durability and long life. The Porta-Trace Light Box will maintain its attractive appearance for years.

Gagne Porta-Trace units are the brightest LED light boxes on the market and use proven LED technology employed in Gagne LED thin panels, ABS LED boxes and visual display backlit light boxes.

With decades of experience in illuminated products, Gagne light box manufacturing capability has naturally expanded into cutting edge LED Signage.

Over 60 years of experience goes into every Porta-Trace and Illuminated Product!

The Porta-Trace family includes:

- LED Stainless Steel Light Boxes
- LED Light Panels
- LED ABS Plastic Economy Light Boxes
- LED Wood Light Boxes
- LED Light Tables
- LED Lumen Frameless Light Panels

ALL Porta-Trace Products share the following:

- Proudly Made in USA
- Eco-friendly Green LED technology that saves on energy consumption
- Components are RoHs and CE rated
- Color Temperature: Bright White LED
- 100/240Vac, .50/60Hz allowing usage in the US and abroad (requires appropriate plug or outlet adapter)
- Standard lead times are 2-3 weeks

Ideal Product Uses:

- Commercial Building Design
- Drawing & Tracing
- Calligraphy & Rubber Stamping
- Beading
- Photography & Slide Viewing
- Visual Display & Signage
- Graphic Arts
- Stained Glass
- Needlepoint & Quilting
- Embossing
- Engineering Drawings
- Architectural Drafting
- Quality Inspection (circuit boards, etc.)
- Tattoo Design
