

April 15, 2026

## IMPORTANT NOTICE

To: All Valued PolyWear® and VR® Protective Wear Customers

Subject: **PRICE INCREASE ANNOUNCEMENT**

PolyConversions, Inc. will be implementing a price increase on all PolyWear Protective Gowns and VR Protective Wear (except VR Sleeve Gloves), effective June 1st, 2026. All orders received on or after June 1st will be acknowledged at the new price. Updated price lists will be provided under separate cover.

**All PolyWear Protective Gowns** will increase 5%

**All VR Protective Wear** will increase 3%. Exceptions are an 8% increase on Die-cut Apron Item No. 46500.5 and no increase on Sleeve Gloves.

**VR Sleeve Gloves** will not be increased at this time. However, all indications are that a price increase on nitrile will be inevitable later this year.

It is note worthy to recognize that PolyConversions has not raised prices since June of 2022. We are forced to do so at this time due to the significant price increases recently announced and implemented by all of the major polyethylene raw materials producers.

We value your business and thank you for the opportunity to serve your protective wear needs. Please contact your PolyCo sales representative with any questions regarding pricing and current industry conditions. We will continue to monitor the ongoing situation closely.

Sincerely,

Ronald Neil Smith  
President
