## Instant Waterless HAND SANITIZER

*With Moisturizers  
Aloe and Vitamin E*

Hydrox Waterless Antiseptic Hand Sanitizers kill **99.9%** of pathogenic microorganisms in seconds.

Our **70% v/v** ethyl alcohol formula exceeds the amount required by FDA standards for classification as an antiseptic.

*Ethyl alcohol's exceptional  
cidal activity has led to its  
recognition as **the most**  
effective agent available for  
a waterless hand sanitizer.*

- Hydrox Instant Hand Sanitizer demonstrates a **rapid kill time** on a broad range of gram negative and gram positive bacteria

Ethyl alcohol is a **proven antiseptic** that helps break the **chain of cross contamination**.

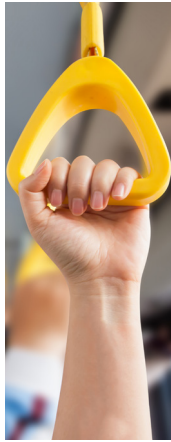

In fact, ethyl alcohol is classified by the FDA as a monograph level I. This is the **highest level of classification granted by the FDA** and means that this type of antiseptic agent has undergone close scrutiny and vast testing to prove its effectiveness as a proven and **safe-to-use antimicrobial agent**.

**TRUSTED BY HOSPITALS AND CLINICS THROUGHOUT THE WORLD.**

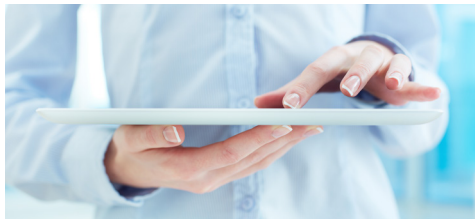

*Waterless formula allows use everywhere, anytime, especially when soap and water are not readily available.*

Use in the **medical, dental, veterinary and dairy industries** is widespread and **growing**. Effective hand hygiene products are essential to **reducing the spread of germs** and eliminating pathogens at **home**, when you travel and at work.

*Specially formulated with  
Moisturizers, Aloe and Vitamin E.*

Hydrox Hand Sanitizers are **friendly to your skin**. Our special formula contains **Moisturizers, Aloe and Vitamin E** to maintain your skin moisturized and intact even with repeated use.

*Now in Citrus Scent or  
Unscented Gel sanitizer.*

*TRUSTED BY HOSPITALS AND CLINICS THROUGHOUT THE WORLD.*
