Welcome!

Thomas Scientific is a distributor of laboratory supplies, equipment, and chemicals. The products in this catalog represent only a small offering from our extensive catalog and website. We're here to make your purchasing process as simple as possible. For additional models, sizes, packaging, and accessories not shown in our catalogs or if you just need help selecting a product, contact us at 833.544.SHIP (7447) or visit us on the web at ThomasSci.com.

Thomas Scientific accepts VISA, Master Card, American Express and the IMPAC card for government buyers.

POs accepted for registered accounts.

Our Mission

To help science create a better world by providing quality products with personal, timely and efficient service.

Delivering Quality Scientific Supplies
Worldwide Since 1900

Special offers and pricing are valid through August 31, 2024, unless otherwise noted.

NOTE: Offers in this catalog are void where prohibited by law or company policy. Shipping charges are not included. Prices and offers are subject to change without notice and are not to be combined with other offers/discounts or contract pricing. Valid in USA only. Dealer/reseller sales not applicable. For web orders, enter the promo code, if applicable, at time of checkout. For phone orders, please supply the promo code to the customer service representative when ordering. Discount pricing shown must be specified when placing order. Returned products will be subject to billing for Free Items at list price. Free items in 'Buy/Get 1 Free' offers will be the item of lowest value unless otherwise noted. Giveaways and free products may be shipped separately. Allow 4-6 weeks for delivery.

CORNING

The background of the page is a solid blue color. Overlaid on this background are faint, semi-transparent images of laboratory glassware, including a large Erlenmeyer flask in the center, a graduated cylinder at the bottom, and several test tubes on the left side. The text is centered horizontally and vertically.

— GENERAL LABORATORY

More than just PCR, they're **gPCR**
PCR Tubes, Strips and Plates

- Certified free of detectable DNase, RNase, Human DNA, PCR inhibitors and tested non-Pyrogenic
- Ultra-thin wall design for optimal temperature transfer
- Clear flat caps are all compatible with qPCR methods
- Tubes and strips are universally compatible
- A variety of plate formats available to fit virtually any available PCR machine

Simplify Your Midi/Maxi Plasmid Preps with ZymoPURE™ II

Novel binding chemistry and spin column technology enables purification of highly concentrated, transfection-grade plasmid **in as little as 16 minutes**. No slow gravity flow columns, no tedious alcohol precipitation.

Simply bind, wash, and elute.

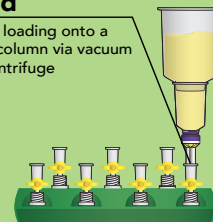

Visit ThomasSci.com and search ZymoPURE to learn more or Click Here for a Free Sample

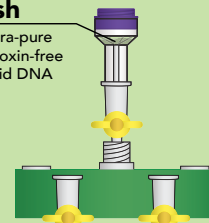

bind

rapid loading onto a spin-column via vacuum or centrifuge

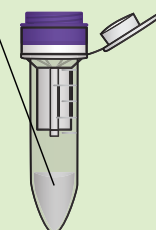

wash

for ultra-pure endotoxin-free plasmid DNA

elute

transfection-ready from a spin-column
