

NWH SERIES

NWH SERIES HOOD

CTI's NWH-1000-Class 100 ISO 5 Cleanroom Disposable Hood is designed for optimal safety and cleanliness within controlled environments. Made from high-quality, low-linting spunbond polypropylene, it offers excellent breathability and comfort. Its elastic face opening ensures a snug fit, reducing contamination risks. Ideal for ISO 5 (Class 100) cleanrooms, it meets stringent industry standards, making it a reliable choice for professionals in pharmaceuticals, biotech, and electronics manufacturing.
