INFORMATION ABOUT THE PUMP AND FLUID

What is the fluid?	
Are you using the pump in a clean room facility ?	
Does the application require a food grade pump?	
Is the fluid thick or oily? How thick: honey, molasses, motor oil, gear oil. If yes, you might want a single siphon tube.	
Does your safety program require static dissipative products or is the liquid flammable or combustible? Consider an SCP- series pump .	
For pump selection, search for your chemical name in the selection guide at http://goatthroat.com/complete-chemical-liquid-compatibility-guide/ What pump does the guide recommend?	
If fluid is not on our chemical list, get the name of fluid, manufacturer, and a telephone number and send to/call us. We will try to determine which pump will be best. If we cannot determine compatibility, we will send you a test kit to determine compatibility.	

INFORMATION ABOUT THE CONTAINER

Pail or Drum	
Size of container (i.e., 5 gallon, 20 gallon, 55 gallon)	
Plastic or steel	
Container opening: Choose one	
<ul style="list-style-type: none"> 2" NPT opening (fine) Coarse internal thread (buttress) Pour Spout – check metal band around pour spout for brand and other identifiers Coarse external thread with a cap 	
Inside diameter of container opening.	

Reike→ Black Cap	Reike FSII→ Grey Cap	Uni-Grip→ APC, other

ACCESSORIES TO CONSIDER

Do you want to deliver the fluids to a point away from the container?	
<ul style="list-style-type: none"> Consider a remote discharge tap in 5' or 10' http://goatthroat.com/remote-discharge-nozzle-and-extension-hoses/ 	
Do you want to eliminate pumping by hand if you have a compressor or shop air?	
<ul style="list-style-type: none"> Consider a BGA Pneumatic adapter http://goatthroat.com/billygoat-adapter-bga-for-pneumatic-operation/ 	
Are you filling small bottles or openings?	
<ul style="list-style-type: none"> Consider a spout reducer 	

Thanks for filling out this form. It will help us to ensure you get the pump and accessories which are best for your application. If you have any questions regarding the product or the process, please contact us and we will try to answer them. Thank You again!
