

NEBULA¹ONE™

QUALITY ULTRA DRY-MIST DISINFECTION SOLUTIONS BY **ARCUS MANUFACTURING**

A New Safe and Effective Way to Combat Mold

The NebulaOne™ Nebulizer is a purpose-built, high-volume, commercial-grade machine converting liquid Hypochlorous (HOCL) into an Ultra-Dry Mist. The patent-pending technology provides a “No-Touch / No-Wipe” approach to target mold, fungle, bacteria and virus pathogens.

- Kills Molds, Powdery Mildew, and Fungi
- Our HOCL is a broad spectrum anti-fungal organic certified (OMRI), FDA approved, and on EPA List-N #96048-1
- Designed and built in the USA
