96 Deep Well Reservoir for Automated Liquid Handling Systems

Orders must be for **5 total Packs or Cases**, of the **same Thomas No.** in order to qualify.

Promo code 2404 MUST be used.

Promotion valid until **6/30/24**

- Unique New Design provides High Recovery with a Low Dead Volume which is achieved by using a Low Binding Virgin Polypropylene.
- With the highest fill volume in the market, the Extra Large Capacity allows for more plate filling from a single source with far less plastic.
- Splash Resistant Baffles add ease-of-use when filling
