Solvent Price Increase – Effective April 1, 2026

Dear Valued Customer,

We are writing to inform you of an upcoming adjustment in our product pricing.

Effective April 1, 2026, there will be an increase in prices on a variety of our solvent products. This adjustment reflects the impact of ongoing global market disruptions on raw material availability and supply chain costs, which continue to affect our industry.

These adjustments are necessary to offset inflationary pressures and ensure continuity of supply. While we continue to pursue operational efficiencies and work closely with our suppliers to mitigate cost impacts, these changes are unavoidable given current market conditions.

We value your continued partnership and look forward to serving you with the same dedication to excellence in service as we navigate these challenges together.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve DiBenedetto', with a long horizontal line extending to the right.
