

MPLC SERIES

MICROPOROUS LAB COAT

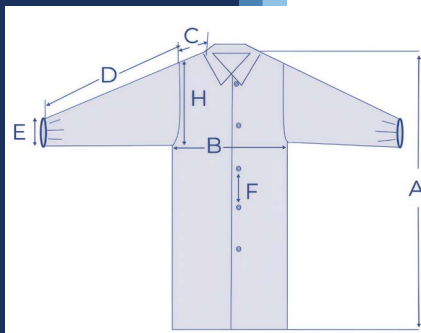

Our Microporous Lab Coat offers top-tier protection in labs, clean rooms, and similar environments. Made from quality Microporous fabric, it guards against particles and liquids. With elastic wrists and a pocket-free design, it ensures a snug fit and minimizes contamination risks. Despite its protective qualities, it remains breathable and comfortable, allowing heat and moisture to escape. The button-up front simplifies wearing and removal, while its extended length provides full coverage. Ideal for both men and women, it's a versatile choice for safety and comfort in any setting requiring protection.

Available in sizes Small – 3XL (Larger sizes available upon request)

SIZE	PACKAGING	THOMAS NO. SKU
