## Stop living on the edge

Stay connected and save with a special offer on Thermo Scientific cold storage packages with Connect Edge remote monitoring kits.

Thermo Scientific™ Connect Edge remote monitoring systems bring cold-storage monitoring to your fingertips—no matter where you are. Protect your samples with Thermo Scientific™ TSX™ cold storage equipment, designed for the utmost performance, reliability and sustainability. Relax knowing your life's work is secure.

- Connect Edge systems work with Wi-Fi or Ethernet to connect individual units to the Thermo Scientific™ InstrumentConnect cloud and mobile platforms; they include an individual unit adapter, lab gateway and one-year monitoring subscription
- Thermo Scientific™ TSX™ Universal Series General Purpose Ultra-Low Freezers reduce your environmental impact while providing our most robust design ever
- Thermo Scientific™ TSX™ Series High-Performance -20°C Manual Defrost Freezers are the choice for applications where even slight intermittent coil warming during auto-defrost cannot be tolerated
- Thermo Scientific™ TSX™ Series High-Performance Lab Refrigerators protect your product from temperature swings due to frequent, prolonged door openings or large product loads

## Stay connected to your cold storage equipment and save

Order using the catalog numbers below and save up to 50% on a qualifying Thermo Scientific TSX Universal Series freezer or Thermo Scientific TSX Series freezer or refrigerator with Connect Edge remote monitoring kit.
