**Channel Notification: Surcharges Related to Middle East Conflict**

Dear Valued Customer,

We would like to share an update regarding current conditions affecting global transportation and operating costs. Ongoing conflict in the Middle East has increased volatility across key logistics corridors, resulting in higher costs for raw materials, energy, freight, insurance, and related services in certain markets and regions.

To continue meeting your delivery requirements and maintain service reliability, we are implementing surcharges, subject to local law or contractual commitments. These surcharges will be lifted as conditions stabilize.

We understand the impact additional charges can have on your business. Our teams are actively working with partners, optimizing supply chains, and reviewing internal costs to limit the effect on our customers as much as possible.

Product supply remains unaffected, however, given the dynamic nature of the situation, this could become more challenging. If there are any changes that could affect lead times or product availability, we will keep you informed as early as possible.

Effective May 1, 2026, all DuPont Personal Protection products will have a 4.1% price increase to reflect this surcharge. Please refer to the attached price list for updated prices. Existing orders already acknowledged at previous pricing but invoicing on or after the effective date will be reconfirmed at the higher price. DuPont reserves the right to limit order quantities in advance of this increase.

We value your partnership and appreciate your understanding as we navigate these disruptions. Please know that we are doing everything we can to minimize the impact on your business while continuing to provide the quality and service you expect from us.

Regards,
