## HORIZON 6, 12, & 24 FLEX

### PROGRAMMABLE ROUTINE CENTRIFUGES

Satisfy the most diverse processing requirements with HORIZON Flex routine centrifuges. Customize settings and check every detail on the digital display, or pre-program up to 10 cycles.

#### Easy to Use

The fully digital display makes it easy to customize cycle parameters on the fly, or set and select one of the 10 programmable cycles. Spin 75-100 mm (3-10 mL) tubes without switching tube holders or adding cushions.

#### Easy to Monitor

Process samples more efficiently with HORIZON's LED lid lighting: off when the centrifuge is ready to load, on when running, and flashing at the end of cycle. Once the unit is started, the display shows remaining spin time.

#### Built to Last

No routine maintenance. Brushless motor, engineered composite components.

#### Engineered for Safety

Protect your lab with imbalance detection and a shatterproof lid which can only be opened when the rotor is stopped, even if the unit loses power.

#### A Great Value

Unbeatable quality for any budget. Each HORIZON centrifuge is ready to run with horizontal rotor, universal tube holders, and 2-year warranty included in the affordable price.

Tube Capacity	6, 12, or 24 (75-100 mm/3-10 mL)
Applications	Chemistry, Coag, PPP, PRP, Urine
Centrifugation	Horizontal, max 2,000 xg (RCF)
Included	Rotor, buckets and tube holders
Warranty *	2 years (rotor: lifetime warranty)

\* *Extended warranty available*
