Thomas Scientific

LAB BUYER

Fall Edition 2022

Thomas
Scientific
[ThomasSci.com](https://www.ThomasSci.com)

Welcome!

Thomas Scientific is a distributor of laboratory supplies, equipment and chemicals. The products in this catalog represent only a small offering from our extensive catalog and website. We're here to make your purchasing process as simple as possible. For additional models, sizes, packaging, and accessories not shown in our catalogs or if you just need help selecting a product, contact us at 833.544.SHIP (7447) or visit us on the web at ThomasSci.com.

Thomas Scientific accepts VISA, Master Card, American Express and the IMPAC card for government buyers.

POs accepted for registered accounts.

Our Mission

To help science create a better world by providing quality products with personal, timely and efficient service.

*Delivering Quality Scientific Supplies
Worldwide Since 1900*

**Special offers and pricing are valid through
December 31, 2022, unless otherwise noted.**

NOTE: Offers in this catalog are void where prohibited by law or company policy. Shipping charges are not included. Prices and offers are subject to change without notice and are not to be combined with other offers/discounts or contract pricing. Valid in USA only. Dealer/reseller sales not applicable. For web orders, enter the promo code, if applicable, at time of checkout. For phone orders, please supply the promo code to the customer service representative when ordering. Discount pricing shown must be specified when placing order. Returned products will be subject to billing for Free Items at list price. Free items in 'Buy/Get 1 Free' offers will be the item of lowest value unless otherwise noted. Giveaways and free products may be shipped separately. Allow 4-6 weeks for delivery.

*The NEW gold standard
 for laboratory glassware.*

Globe Glass™ laboratory glassware sets the standard for performance and packaging in the glassware marketplace. Top quality borosilicate glass delivers outstanding strength, durability, and chemical resistance. Superior **GlassGuard™** packaging has been engineered to ensure that Globe Glass products arrive at their destination intact and ready for use, each and every time. Globe Glass beakers, Erlenmeyer flasks, volumetric flasks, graduated cylinders, and media bottles are offered in sizes most commonly used in laboratories everywhere.

WHEATON® ERLENMEYER SHAKE FLASKS

WHEATON® Erlenmeyer flasks are certified pyrogen-, DNase- and RNase-free and are packaged particulate-free and wrapped in an easy tear, sterile bag. WHEATON flasks are ideal for all suspension cell cultures, including baculovirus, microbial, and algae cultures, as well as media preparation, storage, and all related applications. WHEATON flasks fit all standard shaking incubator systems and can be placed on any platform. In addition, DWK Life Sciences offers shaker flask clamps for use with our flasks.

PROTECTING PEOPLE SINCE 1925

CentriVap means efficient sample prep.

Scientific measurement is only as good as the sample
prep that precedes it. Why take a risk? Labconco CentriVaps ensure
efficient sample throughput without compromising sample integrity.

See the complete CentriVap line at thomassci.com
