

Subject: Price Increase Effective July 1, 2026

May 1, 2026

Dear Valued Distribution Partner,

We are writing to provide formal notice that, effective July 1, 2026, Whirl-Pak® will implement a 7% price increase across all products.

This adjustment is necessary due to continued increases in the cost of key raw materials and components, including resin/plastic, closure tape, Tyvek®, and labeling materials. While we have worked to delay this change for as long as possible, sustained cost pressures require us to take action to maintain the quality, reliability, and service levels you expect from Whirl-Pak.

As industry-wide cost pressures continue, this adjustment ensures we can consistently deliver the product performance and supply reliability your customers depend on.

Updated price files will be provided within the next 30 days. Please note that all orders **invoiced on or after July 1, 2026** will reflect the new pricing.

Implementation Details

- **Effective Date:** Orders invoiced on or after July 1, 2026 will reflect the new pricing
- **Pricing Files:** Updated pricing files will be provided within 30 days

Thank you for your continued partnership and trust.

If you have any questions, please contact your account manager or Kyle Luetkemeyer directly.

A handwritten signature in blue ink that reads "Kristin Buckau".
