

April 17, 2026

Dear Valued Customer,

We want to begin by sincerely thanking you for your continued business and partnership. We are writing to inform you that due to ongoing increases across our market, Liberty Film & Packaging will be implementing a 10% price adjustment effective June 1, 2026.

Over the past several months, we have experienced significant cost increases across raw materials, resin, freight (inbound and outbound), and shipping supplies. In addition, continued market volatility and supply instability have made it increasingly difficult to maintain consistent pricing on both new and existing projects.

While we have worked hard to absorb these increases where possible, we are no longer able to continue doing so. As a result, Liberty will no longer be able to offer extended price protection on orders. To help support planning and transparency, customers are always welcome to reach out to their sales representative to confirm current pricing prior to placing orders. This will ensure accuracy, as pricing may fluctuate based on market conditions. Additionally, we encourage placing orders based on immediate needs, as large "laundry list" orders are often time-consuming to process and may not reflect actual purchasing.

Please know that we remain fully committed to fulfilling all open orders and continuing to support your business with the highest level of service and product quality.

We understand the impact that these changes may have and truly value your continued trust and partnership during this time.

If you have any questions regarding this increase, please do not hesitate to contact me directly or connect with your sales representative, we are happy to discuss and support in any way we can. Thank you again for your continued business and understanding.

Maria de Heras
President
