March 13, 2026

Dear Valued Partner,

Recent energy market disruptions have increased raw material, freight, and logistics costs impacting our goods and services.

Due to these sudden and sustained cost increases, LK must implement a **10% price increase effective April 13, 2026**. This adjustment applies to all products except:

- Custom products, which will continue to be priced based on market conditions at the time of order.
- Red Rock products and Vacuum Pouches. These items will be addressed directly with affected customers; your representative will reach out as needed.

LK is closely monitoring market conditions and will communicate any future price adjustments if warranted.

Thank you for continuing to trust LK for on-time delivery of quality-crafted packaging at competitive prices and for recognizing LK's commitment to strength through partnership.

Sincerely,
